## FOREST FIRE WARDEN'S REPORT

---

### PREVENTION IS YOUR BUSINESS

Carelessness, HUMAN CARELESSNESS, causes 9 out of 10 forest fires. Each year 200,000 fires burn over 30 million acres in the United States. This represents 5 per cent of our nation's woodlands being wasted each year. Every fire takes its toll. Floods follow; stream flow is affected; timber, buildings, grazing and wildlife are destroyed — all because MANY are CARELESS with fire in and near woodland. This can be remedied. YOU can put an end to this shameful waste! PREVENTION is YOUR business!

YOU, whether YOU be a farmer, homemaker, business or professional man or woman, municipal, state or federal official, clerk or woodsman can play an important part in the continuing and vital prevention program.

First — by setting a good example YOURSELF — being sensible and complying with the necessary laws and regulations governing the use of fire in and near woodlands.

Second — by using YOUR individual influence in your community and valued council with others in insisting and encouraging them to do likewise.

The following simple rules may be used as a guide for YOU and for them.

1. Before burning, secure a permit from your local forest fire warden — the law requires it.
2. Be sure to properly supervise your burning — don't leave it.

3. Make certain your fire, camp or debris, is DEAD OUT before leaving it.
4. Don't throw down lighted matches, cigars and cigarettes or from moving vehicles — make sure they are out — use your ash tray.
5. Don't burn at home — use your town dump and save yourself much possible difficulty, both personal and financial.

Number of local fires, none

Number of acres burned, none

Number of permits issued, 30

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

January 3, 1961

To the School Board and Citizens of the School District of South Hampton:

"I view education as the most important subject we as a people can be engaged in." Abraham Lincoln

I wish to take a few moments of your time to submit my third and final report as your Superintendent of Schools. I have enjoyed serving you and shall always be grateful for the part you have played in the granting of the matchless opportunities that have come my way.

The Barnard School has continued its progress of the past. Most of this is directly attributable to the fine work of your excellent staff. I was pleased that all chose to return to South Hampton and I am hopeful they will again make that decision.

Mr. John Sturm, now completing his second year as your Principal, has enjoyed unqualified success since joining your school system, Mrs. Gladys Towns and Mrs. Alfreda Gallo have matched his success with success of their own. Mr. Frank Esile, Music Supervisor, and Mrs. Teresa Hay, School Nurse, complete this fine group.

The purchase of science equipment under the terms of the National Defense Education Act has strengthened this vital area and the use of the reading laboratory has aided in the improvement of reading via the self-help technique. Educational television provides an excellent program of social studies relating to the study of New Hampshire and meets a need in so doing.

The 1961-62 budget will show some increases, the most notable ones being in the area of teachers salaries

and tuition. The latter item directly reflects the population growth in Grade Eight and is not likely to be reduced in the years to come. The former is an effort on the part of your School Board to reward and retain your competent staff. I hope that both will receive your approval.

The remainder of the budget is about the same with some slight increases and some equally slight decreases. The School Board wishes to continue to invest funds in annual maintenance. Through this effort, combined with the aid of the Barnard Trustees, your school building is kept in fine repair and constantly improved.

Once again the subject of an Assistant to the Superintendent is being placed before the voters. The School Board members representing all the eight districts, have agreed that this is needed. It requires a majority vote in each district to become effective. I hope this item will receive your support.

I wish to express my thanks to all who have contributed to the functioning of the Barnard School. The School Board, staff, interested citizens, Parent Teachers Association, Barnard Trustees and the personnel of the central office, with special mention of Miss Leota Whitcomb, Helping Teacher, and Miss Edith Hammond, Executive Assistant, have all shared in the accomplishments brought forth.

Again, may I thank you for your many courtesies and considerations. It has been a pleasure to serve you. My best wishes for the future success of your school and community.

Respectfully submitted,

C. M. GREEN,

Superintendent of Schools
